Improve Communication Skills

Maybe you haven't done much public speaking? No problem. Many people who join SuccessMasters have little, if any, public speaking experience.

Orientation for New Members

New members are assigned mentors. They also receive a club manual, which provides step-by-step advice on how to participate at club meetings and achieve your speaking and communication goals.

Opportunities for Experienced Members

Our club has a solid core of experienced speakers. They participate at SuccessMasters because at our club even the best can get better. These veterans share expertise with less experienced members and serve as valuable role models.

Meet Terrific People

Diverse

Our members range in age from the early 20s to the late 60s, and come from a variety of backgrounds.

Fun-Loving

We believe a Toastmasters club should be educational *and* enjoyable. Our weekly meetings are creative, well-organized—and fun. We laugh a lot.

Committed

You'll get the most from a Toastmasters club whose members:

- Regularly attend club meetings
- Give speeches using Toastmasters International speech manuals
- Constantly stretch themselves as communicators

The people at our club have this level of commitment. That's why SuccessMasters has long been regarded as one of the top Toastmasters clubs in the Puget Sound area.
